Karen,

Curious, does your position as librarian mean that you have an account established for checking things out from the Library of Congress? I am not necessarily the requestor, it would be either Cheryl Burdett of Water Division, of Chuck Mikalian of Office of Regional Counsel. But I'll be meeting with them later this morning.

**Subject:** RE: Documentation of the Groundwater Connection to Petenwell Lake/Wisconsin River

The document by I.D. Lippelt that includes the water table map can be obtained from the Library of Congress here (second listed document):

<https://www.loc.gov/maps/?fa=contributor%3Awisconsin+geological+and+natural+history+survey%7Csubject%3Awisconsin%7Ccontributor%3Alippelt%2C+i.+d.&all=true>

But the site requires that you establish an account to check out the document.
